

TWO FACTOR AUTHENTICATION

HOW TO REGISTER

1. Open the WB&T App
2. After entering your username and password you will be prompted to set up Two Factor Authentication
3. Click LET'S GET STARTED
4. Enter your mobile number, choose a name to identify it and select your device type.

AUTHENTICATION SETUP

Passwords are becoming increasingly easy to compromise. They can often be stolen, guessed, and hacked. Our new enhanced authentication improves the security of your online accounts by using your phone to verify your identity. This prevents anyone but you from accessing your accounts, even if they know your password.

You'll enter your username as usual, then use your mobile device to verify that it's you before entering your password.
